

Esteem™

ENGLISH

One-piece Moldable Ostomy System

INSTRUCTIONS FOR USE

PRODUCT DESCRIPTION
Esteem™ + pouches with Convatec Moldable Technology™ are one-piece drainable ostomy pouches with a moldable skin barrier allowing for stoma opening to be customized without the use of stoma.

PRECAUTIONS AND OBSERVATIONS
Ostomy pouches are for one-use only. Re-use may lead to increased risk of infection and cross contamination. Physical properties of the device may no longer be optimal for intended use.

Important: A professional of the calibre of the stoma should evaluate the necessity of barriers protectors de piel convexas preventivamente a su uso.

Indications for Use: For use with a colostomy or ileostomy.

DIRECTIONS FOR USE
1. Skin Preparation
Your hands and the skin surrounding the stoma must be clean, dry and free from oily substances before applying.

2. Skin barrier preparation
Fold the skin barrier over the skin from the pouch. (Figure 1)

3. Grab the tab (labellel "I") and remove the first part of the moldable-skin-barrier line, exposing the molding disc to your skin. (Figure 4)

4. To prevent the fit, place the opening about the stoma without removing the second release liner. Adjust if necessary.

5. Applying the moldable disc
Apply the moldable disc to the skin from the pouch. (Figure 5)

6. Remove the release liner from the pouch. (Figure 6)

7. Closing the pouch
After applying the pouch to the skin, fold the pouch over the skin. (Figure 7)

8. Remove the liner from the pouch. (Figure 8)

9. Dimpling the pouch
This is for use on one-use only devices. Re-use may lead to increased risk of infection and cross contamination. Physical properties of the device may no longer be optimal for intended use.

Important: A professional of the calibre of the stoma should evaluate the necessity of barriers protectors de piel convexas preventivamente a su uso.

Indications for Use: For use with a colostomy or ileostomy.
