

# ESTEEM<sup>®</sup> SYNERGY<sup>™</sup>

**ENGLISH**

Two-Piece Moldable, Cut-To-Fit Pre-Cut Ostomy System With Adhesive Coupling Technology™

**INSTRUCTIONS FOR USE**

Skin barriers must be used with the corresponding size ESTEEM<sup>®</sup> pouch.

Intended Use: Management of stomal output.

Indications for Use: For a colostomy, ileostomy or ureostomy.

This device is for single-use only and should not be re-used. Re-use may lead to increased risk of infection or cross contamination. Physical properties of the device are not changed by re-use.

The two-piece skin care system for ostomies is designed for use with ESTEEM<sup>®</sup> pouches.

Note: Skin barriers with flat moldable technology are not indicated for use with the ESTEEM<sup>®</sup> pouch system.

It is recommended that you consult your healthcare provider before using this device.

1. Skin Preparation

Your hands and the surrounding stoma must be clean, dry and free from oily substances before applying any ostomy system.

2. Skin Barrier Preparation

Apply the skin barrier over the stoma. The skin barrier should be moulded to the stoma opening shape and size without the use of tools. Please do this at the start of the stoma (Figure 1). If an ostomy is present, gently pull the skin barrier to the side to allow for the skin to heal. Turn the skin barrier over so that it adheres well to the skin.

3. Skin Barrier Application (Figure 1)

Remove release liner from skin barrier. Center the skin barrier onto the stoma. Apply the moulded skin barrier to the skin around the stoma. Press firmly onto the skin to ensure adhesion. Place the skin barrier onto the stoma and the surrounding skin.

4. Applying The Pouch To The Skin Barrier

Apply the pouch to the skin barrier. Place the pouch onto the skin barrier and the surrounding skin. Align the pouch to the skin barrier.

5. Closing The Pouch (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

6. Closing The Pouch (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

7. Applying The Pouch To The Skin Barrier (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

8. Closing The Pouch (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

9. Informations sur les sacs avec filtre (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

10. Retour du sac (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

11. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

12. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

13. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

14. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

15. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

16. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

17. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

18. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

19. Informations sur les sacs avec filtre (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

20. Retour du sac (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

21. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

22. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

23. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

24. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

25. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

26. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

27. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

28. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

29. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

30. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

31. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

32. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

33. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

34. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

35. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

36. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

37. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

38. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

39. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

40. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

41. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

42. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

43. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

44. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

45. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

46. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

47. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

48. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

49. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

50. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

51. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

52. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

53. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

54. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

55. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

56. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin barrier with a fold-over adhesive strip. Press firmly onto the skin barrier.

57. Retour de la partie cutanée (Figure 1)

Close the pouch. Seal the pouch to the skin
